## Experience

### *TEDxValencia*

11 / 2012 - Present

Project Manager

TEDx was created in the spirit of TED's mission, "ideas worth spreading." The program is designed to give communities, organizations and individuals the opportunity to stimulate dialogue through TED-like experiences at the local level.

At TEDx events, a screening of TEDTalks videos – or a combination of live presenters and TEDTalks videos – sparks deep conversation and connections. TEDx events are fully planned and coordinated independently, on a community-by-community basis.

My responsibility at TEDxValencia is to coordinate all projects. The core team is comprised of 8 coordinators. The overall program works with 70+ volunteers.

### *Ignite Valencia*

04 / 2012 - Present

Organizer

Ignite is a global event, organized by volunteers, where participants are given five minutes to speak about their ideas and personal or professional passions, accompanied by 20 slides. Each slide is displayed for 15 seconds, and slides are automatically advanced. The Ignite format is similar to Pecha Kucha, which features 20 slides displayed for 20 seconds each. The presentations are meant to "ignite" the audience on a subject, i.e. to generate awareness and to stimulate thought and

action on the subjects presented.
